# PACKOUT™ STATIONS

Do you like your Milwaukee PACKOUT™ system, but get frustrated when you have to unstack them to get to the bottom one? These are designed to most sizes of Milwaukee organizers/ toolboxes. We have the basic stations as pictured. These can be stationary or with added heavy duty casters for mobile use in your shop.

- 100% Aluminum Construction
- Powder-Coated in Toolbox Red (Also available in Black)
- 250 lbs. Locking glide on drawers
- Optional: Heavy Duty Casters
- Floor Mount Holes Included
- Available in 3', 4', or 5' stations
- Custom Packout benches available

# HEAVY DUTY PARTS BIN

Space-saving combination shelf & parts bin. This system is built with a removable divider every 1½" O.C. This creates a clearly identified location for each part or item. Bins are made from steel and finished with a durable 2-coat powder coating. Use as a single unit or stacked to create a rolling parts bin. Lockboard-style pegboards are integrated to the sides of the bin for additional storage and easy accessibility.

- 14 ga. & 12 ga. Steel material
- Durable Gray, 2-Coat Powder-Coat (Optional: Custom Colors)
- Weight Capacity: 250 lbs. per shelf
- Divider Slots, Spaced at 1½" O.C.
- Bin height: 11" high w/8½" opening

#### Options:

- Solid top shelf w/lip
- Angled bottom frame for casters or legs
- Wall mount brackets
- Bins at 15" high w/12½" opening

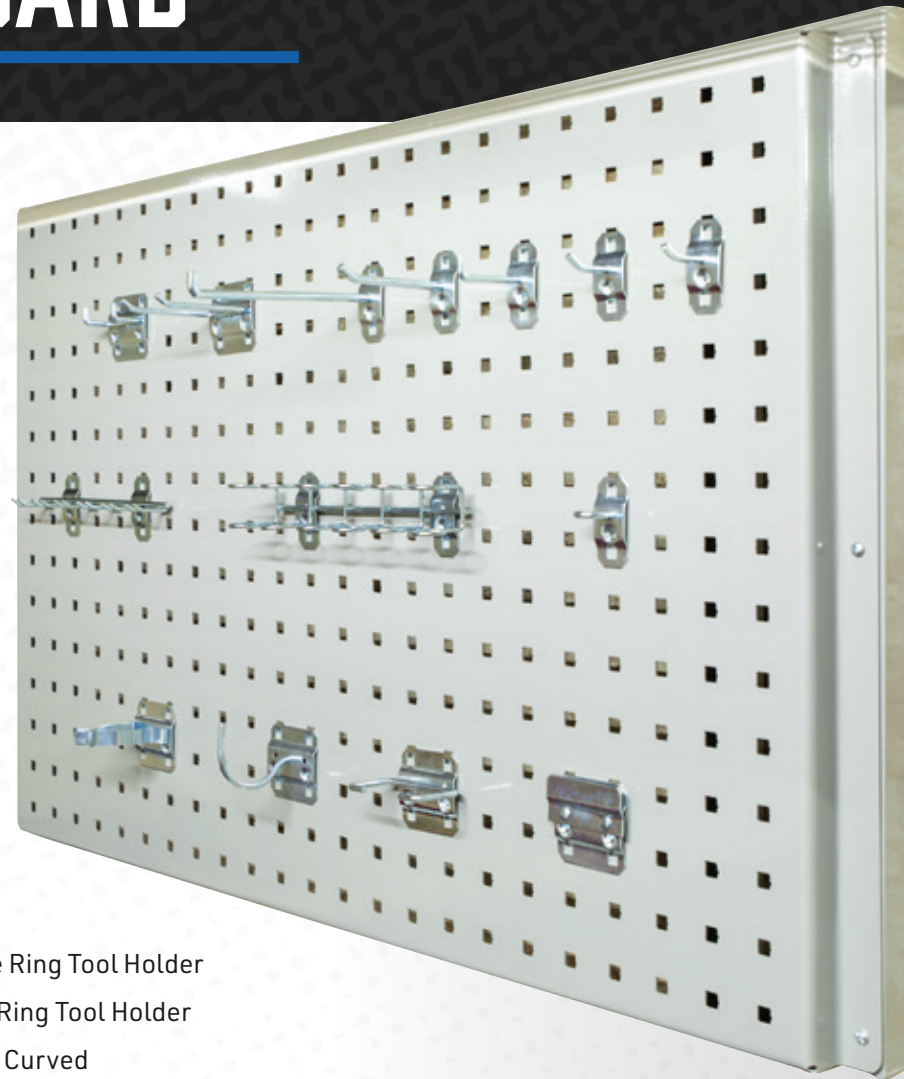

#### In-Stock Sizes:

- Length: 36", 46", or 58"
- Depth: 12", 16", 20", or 24"

# STEEL ORGANIZER BOARD

The board has square holes and a 4-point contact for your accessories. This makes it extremely durable, yet affordable. Its sturdy design also allows you to hang your tools or partial bins without worrying about the hooks falling out and damaging any of your equipment. Also, the solid steel construction allows for you to use it with heavy tools or parts in production and industrial applications.

This product is compatible with all LocHook™ and LocBin™ accessories.

## Available LocHook™ accessories include:

- IOBLH-51013 1/2" Single Rod, Bend
- IOBLH-51113 1" Single Rod, Bend
